

Titusville Fine Arts Initiative
BIOLOGY

Instructor: Stephanie Lowe, Ph.D.

Email: lowesl@bellsouth.net

Grade Level: 8th-12th grades

Prerequisites: none

Textbooks Required:

1. Exploring Creation with Biology textbook, 3rd Edition, Apologia;
ISBN:978-1-946506-45-0
2. Tests for Exploring Creation with Biology, 3rd Edition, Apologia
3. Biology Dissection Set with Specimens, Apologia (Do not order until January)

Tuition: \$160 a semester or 4 installments of \$40 due (see schedule below (cash, check, Paypal, Zelle or Venmo))

Materials Fee: \$30/semester

Class Time: Biology A: Tuesdays, 9:00am-9:55 am

Biology B: Tuesdays, 12:00pm-12:55pm

Semester Length: January 7 – May 13, 2025 (No class March 18)

Class Description: Biology is the study of life! The course investigates all the different life forms on earth and their unique characteristics as well as their similarities, the unity and diversity of life on this planet.

The class will be a weekly tutoring session that consists of lectures to explain the major topics of study complete with working examples from the textbook, discussion, and answering questions about the material. We will also perform experiments and dissections together and write up lab reports. I will collect homework and grade module tests. Students are expected to complete daily reading assignments and turn in homework and tests on time. Grades for homework, lab reports, and tests will be provided to parents monthly.

Non-Refundable Materials Fee Due at Registration

Installment Plan

1st payment due: February 4

2nd payment due: March 4

3rd payment due: April 1

4th payment due: May 6
